PROFESSIONAL TEACHER'S ASSESSMENT REQUIREMENTS FOR VIRGINIA LICENSURE AND THE SCHOOL LEADERS LICENSURE ASSESSMENT FOR PRINCIPALS

Introduction

Applicants requesting initial teaching licensure are required to achieve passing scores on professional teacher's assessments prescribed by the Board of Education **unless** exempted based on three years of full-time successful teaching experience in a public or accredited nonpublic school in a state other than Virginia and a valid out-of-state license (full credential with no deficiencies) as described below under the topic, "Exemption Criteria." Applicants seeking the Technical Professional License, Pupil Personnel Services License, International License, and School Manager License are not required to complete the professional teacher's assessments. If an individual becomes employed by a **Virginia school division or accredited nonpublic school** in a contractual teaching position, has met the endorsement (teaching area) requirements, and has not satisfied the professional teacher's assessments, a **three-year, nonrenewable** provisional license may be issued upon the request of the Virginia employing educational agency.

Exemption Criteria

Individuals who hold a valid out-of-state license (full credential with no deficiencies) and who have completed a minimum of three years of full-time, successful teaching experience in a public or accredited nonpublic school (kindergarten through grade 12) in a state other than Virginia are exempted from the professional teacher's assessment requirements (VCLA, Praxis II, and the VRA). Experience as a substitute teacher or as a teacher's aide is not acceptable experience to meet this exemption.

[Please note that the valid out-of-state license (full credential with no deficiencies) and the documented teaching experience must be submitted with the application for the license.]
