

On your notes, describe the man you see in these portraits. (2 descriptions/adjectives for each portrait)

## Napoleon conquered most of Europe

Napoleon's legacy was like T.N.T.

Tried to unify all of Europe - failed

Napoleonic Code of Laws -made all equal  
-spread laws all over his empire

The growth of nationalism in countries he conquered (especially Prussia & Italy)

Q: Why would this cause nationalism to grow?

### Reflections:

If nationalism is growing in Europe because of Napoleon, what can you predict will happen soon?
